AGM

Agreed that the meeting should be earlier rather than later as all current committee are stepping down.

Suggest Wednesday 13th June to the school.

Funds request

A request had been received for funds to buy Maths resources for practical Maths.

It was felt that more information was needed about what would be purchased with the funds.

To go back to the school and ask for a breakdown.

£1000 was about the total of what could be given at the present time as the Summer Fayre and Leavers' Disco were coming up so it was felt that it would be good to see some funds going towards the purchase of equipment or activities that could benefit all the children.

A suggestion had been made of an Interactive Worry Plaque.

Also suggested were blackboards for chalk play in the playground.
